A Note From Mr. Krause

STAR Testing is complete and the students did great! Next up, WI FORWARD Exam in April. Fast approaching, however, is our last Parent/Teacher Conferences of the school year. This is a great time to meet and discuss your child's growth and success so far this fourth grade year. Sign up began January 28th via Skyward. If you would like the same time slot, you will need to sign up again in Skyward. Please let me know if you have questions and I look forward to our time together!
